Brief introduction (max. 1000 characters):

Who are the participants, how did they discover EYE, why did they decide to participate, what were the expected benefits...

NE is a freelancer trainer with experience in Erasmus+ projects as participant, team member and trainer/facilitator. He first started with international mobility programs through a 12 months volunteering experience in Bulgaria via the ESC program. His interest to create his own business in the NGO field led him to discover the EYE program with Antonio Greco as experienced mentor in the field.

HE is an entrepreneur running a successful NGO and working with 3 other NGOs as main action coordinator and main manager. His position as board member was a big motivation for the NE since it aligns with his business idea.

By participating the NE aimed to gain experience in NGOs management and creation, how to run an NGO and how to work with people involved in the field such as partners and participants to create sustainability with an entrepreneurship mindset. The main developed skills were leadership, innovation and NGO management.

Activities undertaken (max. 1000 characters):

Examples, description of the relationship between the two entrepreneurs...

- Developing and implementing working methodologies to support processes
- Participating in strategic planning for NGOs growth and innovation
- Networking with partners and participants in NGO actions and programs, gaining practical insights.
- Developing leadership skills through workshops, mentorship sessions and project coordination and management.
- Building strong cooperation with HE, exchanging ideas and exploring future partnership opportunities.

The experience allowed the NE to apply theoretical knowledge in its real business while contributing with insight to the HE business.
